Ribbon colors/patterns

More colors and patterns available. Let us know what you need.

BandRibbons may be ordered with or without imprinted panels.

We offer imprinted panels in three sizes;

Single, Long Single and Double.

Gold, Red and Black are stock imprint colors.

An Individual Ribbon Pin Back is included with each stock ribbon, custom imprinted panel ribbon and no imprinted panel ribbon, *unless specified*.

Individual Pin Back may be removed for placing ribbon on mount/rack or holder.

If you prefer Black Rubber "Grips" instead of the Brass stock grips, they are available for an additional \$0.10 per ribbon.

RIBBON ATTACHMENTS

Push and Bend

To push "attachment" prongs" through the ribbon, slide off the back that holds the nails and grips. Push prongs into ribbon. Bend prongs to allow the back to slide onto ribbon.

Break off "attachment" prongs.

Krazy Glue "attachment" to ribbon. Allow

glue to dry.

Glue

Gently rub any appearance of glue off the ribbon with a tweezer or tool.

If you find that ribbons in your order may be too loose for your satisfaction, a gentle "crimp" on opposite corners will help prevent the individual pin back from separating from the ribbon.

Every effort is made to insure a satisfactory "crimp" before the ribbons are shipped.

With some customers removing the individual pin back to place the ribbons on mounts/racks, we need to make sure that we do not "crimp" the ribbons too much.

STOCK PANELS

Hundreds of "STOCK PANELS" are available that are not listed on the stock order form.

These panels are placed on the ribbon of your choice with no custom fee.

Let us know what you need.
